About Us

A global company with a local presence. Headquartered in Ancaster, Actlabs is a Canadian owned company founded in 1987. We are recognized throughout the world as a leader in analytical testing and development services. With over 30 years of experience, our analytical laboratories provide high quality analysis impacting every aspect of our life including: Mining and Mineral Exploration, Agriculture, Cannabis, Environmental, Forensics, Life Sciences, Material Testing, Occupational Health and Petroleum Industries.

We're investing for the future, implementing innovative strategies to allow us to continually strengthen and lead in the industries that we serve. This is an exciting opportunity for anyone who wants to join an established and growing company. At Actlabs, we are committed to rewarding and retaining people who are passionate about making a positive impact in their professional and personal lives.

As health and safety is our priority, we have taken additional steps from the onset of the pandemic to provide a covid-19 free work environment for our team.

- Routine sanitization/cleaning by the janitorial staff of high touch surfaces

ACTIVATION LABORATORIES LTD

- Hand sanitizers available throughout the lab
- Enforcement of social distancing
- Various Personal Protective Equipment provided by the company: N95 respirators, latex gloves, lab coats
- As a laboratory, there is significantly more fresh air brought into the building (and then exhausted)

We celebrate diversity and are committed to an inclusive workplace environment for all employees. Actlabs is proud to be an equal opportunity work environment.

Please note that applicants applying for Canadian job positions must be authorized to work in Canada.

We thank all applicants for their interest, but only those considered for an interview will be contacted.

Submit cover letter, resume including the position title in the subject line via e-mail.
