Colombia

Subject: SCC's Initial Accreditation of Actlabs Colombia S.A.S

Dear Kevin Gomez:

It is my pleasure to inform you that the Standards Council of Canada (SCC) has granted Actlabs Colombia S.A.S accreditation to ISO/IEC 17025:2017 as part of the Testing Laboratory Accreditation (LAP) program. Accreditation is based on the results of an on-site assessment conducted from 2026-05-05 to 2026-05-06, the information contained in your application, your responses to the subsequent required actions, the completion of our review process and final approval by our management.

Attached you will find your accreditation report and a writable copy of your scope of accreditation which will be published on SCC's website upon return of the signed agreement. It is important that you inform your SCC Customer Support Coordinator, Myriam Philistin, myriam.philistin@scc-ccn.ca within ten business days if there are any corrections to be made.

Shortly, you will receive your accreditation agreement from our contracting department, the document that summarizes the conditions for maintaining your accreditation, as well as the guidelines and restrictions for use of SCC's accreditation symbol(s). Please review the contents carefully and return a signed copy as per the instructions provided with the agreement. Signing of the agreement is a condition of accreditation. Upon receipt of the signed agreement and providing your account is in good standing, we will publish your scope of accreditation and provide you an official certificate of accreditation.

In the next few weeks you can expect to receive an invoice for the remaining costs of the accreditation as well as the first annual fee.

Please raise any questions with your point of contact, Nadine Hubert, Account Manager and always keep them informed of relevant changes within your organization.

On behalf of SCC, thank you for choosing SCC's LAP Accreditation Program. I trust that we can count on your support in our joint efforts to make this program a vital and progressive service for Canada.

Sincerely,

A handwritten signature in black ink that reads "Carol Sychta". The script is fluid and cursive, with the first name "Carol" and last name "Sychta" clearly legible.

Carol Sychta, pp Elias Rafoul, Senior Vice President and Chief Business Officer
